

A safe home is a happy home.

Protect your family
for much less than you think.

SECURITY

RAC members are happier

The most effective deterrent against burglary

While your home insurance will cover the cost of replacing your contents, there are some things that, if stolen, could never be replaced. An RAC Security system can:

- Dramatically reduce the chance of your home being broken into
- Protect your home at all times - whether you're there or not and even when you are sleeping
- Alert you to the fact that an intruder is or has been in your home
- Significantly reduce the amount of time intruders spend inside your home. Statistics show that with an audible internal alarm, the intruder is likely to remain in your home for less than 1 minute, making it more difficult for them to find and remove your precious possessions or vandalise your property
- Alert you or a neighbour if there is smoke or fire in your home
- Reduce your home contents insurance premium (save up to 10% with RAC Home Insurance).

Maximise your security

For greater peace of mind, you can choose to have your alarm monitored by RAC Security, which means:

- Immediate action will be taken if your alarm is activated
- Our control room will despatch police, fire or ambulance services if required
- You can reduce your home contents insurance premium (save up to 20% with RAC Home Insurance).

Easy to use security systems

Because we're the RAC, you can rest assured that our alarm systems encompass the very latest in security technology. But they're also incredibly functional, easy to use and aesthetically pleasing. All RAC Security alarm systems are assembled to the highest quality control standards.

Affordable protection

With RAC Security, you only pay for the alarm system that you actually need. Our professional consultants will recommend the optimal alarm system for you – based on your budget as well as the size, layout and number of rooms in your home.

Why wait?

Taking extra measures to secure your home is something you would probably like to do, but feel you just don't have the time or money. We'll work around your schedule to ensure the consulting and installation process is completely hassle-free, and we have a number of finance options available to approved purchasers.

Please call us on 1300 360 504 for more information or to arrange an obligation-free consultation with an RAC Security Consultant.
